AERON

GLOBAL AVIATION REGISTER WITH DECENTRALIZED RECORD SYSTEM

Blockchain Solutions for Aviation

We introduce Aeron (ARN), an ERC20 compliant Ethereum based token, with a fixed supply of 100,000,000 ARN. Aeron tokens are created to fund development and marketing of the Aeron project with associated distributed database, online portal and applications, as described in whitepaper and other materials posted at www.aeron.aero.

60% of the supply of ARN are being offered for sale, equating to 60,000,000 ARN. That will be sold in two stages with ongoing limited pre-sale, which requires registration, followed by the public general sale to launch tentatively on September 1, 2017.

2% of the tokens will be used to cover costs of the token sale. From that pool, we offer 1% (1,000,000 ARN) to the community, to reward social participation and promotion.

Aeron Bounty Campaign

Blogs / Media Campaign:

Aeron will reward experienced writers, who would create and publish articles, news items, reviews and other written content about Aeron project, including information about the token sale and/or guides for the prospective buyers. Such materials should be published in personal blogs, web sites, forums or other online medium.

Aeron will also reward video producers, who would create and publish quality video reviews, presentations or vlogs about Aeron project and the token sale.

Up to 30% of the bounty pool will be allocated in this category (300,000 ARN).

All published articles and videos will be divided into 3 tiers and rewarded as follows:

Exceptional quality:	250 ARN per article	500 ARN per video
Good quality:	125 ARN per article	250 ARN per video
Normal quality:	50 ARN per article	100 ARN per video

Write your article, make a blog post, or create your video, publish it and send a link to pr@aeron.aero with subject completed as "Bounty - Media".

Terms and Conditions:

1. Low quality, badly written articles or videos may be rejected.
2. Articles and videos must be your original work. You are not permitted to copy other people's work and this will lead to disqualification. You can freely use all official materials posted at www.aeron.aero web site.
3. Description of your video and any appropriate sections of your article or blog post must include the active links to www.aeron.aero.
4. Video should be at least one minute long. Shorter videos will not be considered.
5. Article should be 500+ characters long. Shorter articles will not be considered.
6. The same content can be reused by the participant in several reputable web sites, blogs or video hosting sites (for example a popular personal blog, Cointelegraph, Youtube channel etc). Such repeated submissions can be compensated with 30% additional rewards at discretion of Aeron team.

Bitcointalk Signature Campaign:

For Bitcointalk members with Member ranking and above, support us with a signature line referring to Aeron in your posts and get rewards in ARN tokens.

Up to 20% of the bounty pool will be allocated in this category (200,000 ARN).

Rewards will be based on the membership ranking in the following tiers:

Member:	10 ARN per week
Full Member:	20 ARN per week
Senior Member:	50 ARN per week
Hero and Legendary:	80 ARN per week

Add a signature (with HTML content exactly as specified below) to your profile rank and send a link to pr@aeron.aero with subject completed as "Bounty - Signature".

Terms and Conditions:

1. Signature should be retained till the end of the token general sale period, removing the signature before that time will lead to disqualification.
2. During that period you should make at least 20 posts per week.
3. Posts should be meaningful to be eligible, posts without meaningful content, which can be considered as made merely to raise the count, will be excluded.
4. Post should be 50+ characters long. Shorter posts will not be considered.

Signature HTML content:
